One of my most recent projects

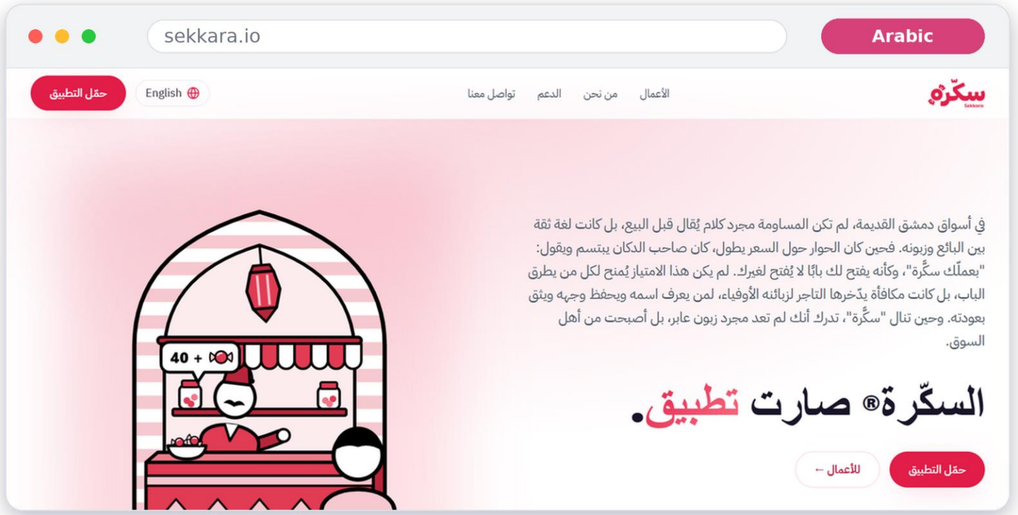

ABOUT THIS PROJECT

In the following pages, I will showcase one of my recent projects: the English copy and Arabic adaptation of the Sekkara website. Sekkara is a Syrian startup building a loyalty program that connects customers and merchants through one app.

A NOTE ON MY WORK

Because of confidentiality agreements I have signed, I cannot disclose my previous freelance work. This case study is public: the copy was approved by the client and is live on sekkara.io.

Concept, content and approach at a glance

SEKKARA | CONCEPT, CONTENT AND APPROACH

CAMPAIGN CONCEPT AND STRATEGY

The insight
People do not stay loyal to points. They stay loyal to the people who remember them, like the souk merchant.

The big idea
Bring back the merchant's gesture, so every message, offer and reward feels like "this one is for you".

The plan
Tailored to each audience accordingly:
For Customers: rewards that feel personal. For Merchants: more repeat visits. One warm voice in both languages.

Cultural lens
Trust is personal here, so the voice stays warm, local and never technical.

AI with human insight
AI helps explore angles, the insights and cultural nuance are exclusively hand-crafted.

MY APPROACH

1

Study

Study the audience, benchmark similar service copy and respond to needs.

2

Write

Write compelling copy that attracts readers, with a CTA that turns them into users.

The idea behind the name

The sweet deal is now Sekkara!

السكّرة صارت تطبيق!

1 The name

Taken from the Damascus souk phrase "baa'mlak sekkara", the merchant's way of saying "this one is for you".

2 The promise

A sweet deal that is earned by coming back, not handed out to everyone.

3 The wordplay

Since Sekkara in Arabic literally translates into “candy”, the brand promises a sweet deal in every sense.

The story: An emotional synopsis

ENGLISH | HOME PAGE

In the old souks of Damascus, haggling was not just a transaction; it was a ritual of trust. A merchant, after some back-and-forth over price, would lean in with a smile and say: "baa'mlak sekkara", "I'll sweeten the deal for you." It was not a discount handed out to everyone. It was a gesture reserved for the customer who kept coming back, the one the merchant recognized, valued, and wanted to reward. To receive a "Sekkara" meant you were more than a passerby: you were part of the merchant's circle.

العربية | الصفحة الرئيسية

في أسواق دمشق القديمة، لم تكن المساومة مجرد كلام يُقال قبل البيع، بل كانت لغة ثقة بين البائع وزبونه. فحين كان الحوار حول السعر يطول، كان صاحب الدكان يبتسم ويقول: "بعملّك سكَّرة"، وكأنه يفتح لك بابًا لا يُفتح لغيرك. لم يكن هذا الامتياز يُمنح لكل من يطرق الباب، بل كانت مكافأة يدّخرها التاجر لزبائنه الأوفياء، لمن يعرف اسمه ويحفظ وجهه ويثق بعودته. وحين تنال "سكَّرة"، تدرك أنك لم تعد مجرد زبون عابر، بل أصبحت من أهل السوق.

Headlines and taglines

ENGLISH	العربية
Seal the deal on more rewards	اكسب سكّرة مع كل عملية
Four steps to your first reward	4 خطوات بسيطة لتحصل على مكافآتك
Every point, accounted for	نقاطك بين يديك
Find partners near you	في كل طريق، لسكّرة شريك
Reward loyalty. Drive repeat visits.	شجّع زبائنك على العودة بنظام مكافآت بسيط
Turn first-time buyers into regulars.	حوّل زبائنك الجدد إلى زبائن دائمين

Written for Arabic readers, not translated

ENGLISH: Scan to earn

بمسحة واحدة فقط... مكافآت عدة تنتظرك

The Arabic headline sells the payoff, one scan and many rewards, instead of labelling the step.

ENGLISH: Find partners near you

في كل طريق، لسكّرة شريك

A rhythmic, proverb-like line: on every road, Sekkara has a partner.

ENGLISH: Plans that scale with your business

باقات مرنة تناسب كل مرحلة من مراحل نمو أعمالك

The Arabic turns “scale” into flexible plans for every stage of growth, instead of a literal “scalable” that would sound technical.

TAGLINE SAMPLE

عندك سكّرة؟ زباينك رح يرجعوا

Note: the Syrian dialect was used on social media posts only as per client request. However, dialect consistency is suggested to maintain one brand voice.

SOCIAL POST SAMPLE

Speaking to each audience in the voice it needs

FOR CUSTOMERS | APP

One scan is all it takes. Show your QR at checkout with any Sekkara partner and watch your points add up, purchase after purchase.

احصل على نقاط إضافية بمسحة واحدة فقط. اعرض رمز QR الخاص بك عند الدفع لدى أي شريك من شركاء سكّرة، وشاهد نقاطك تزداد بعد كل عملية شراء.

Tone designated for customers: Light and warm with a CTA, built for people who want rewards without effort.

FOR MERCHANTS | BUSINESS PAGE

Launch a loyalty program in a few minutes. Issue points from a simple POS app, and stay in control from your dashboard with every transaction on record.

أطلق برنامج سكّرة خلال دقائق قليلة. امنح نقاط لزبائنك من تطبيق بسيط، وابق على اطّلاع بكافة العمليات من خلال لوحة التحكم الكفيلة بتسجيل حتى أدق التفاصيل.

Tone designated for merchants: Clear and confident with a CTA, built for owners who want control and results.

Mission and vision

MISSION

To bring the merchant's gesture back, the moment a business says 'this one's for you', and make it work everywhere. Sekkara gives every business, big or small, the power to reward loyalty like the old souk once did, while giving every customer a single set of points that moves with them, from the corner café to the weekend market.

رسالتنا

أن نُعيد إحياء عادة قديمة في أسواقنا: أن يكافئ التاجر زبونه الوفي، ونجعلها اليوم ممكنة في كل مكان. تمنح "سكّرة" كل تاجر، صغيرًا كان أم كبيرًا، القدرة على مكافأة زبائنه الأوفياء كما كان يفعل تجار السوق القدامى، وتمنح كل زبون رصيدًا واحدًا من النقاط يرافقه أينما ذهب، من مقهى الحي إلى السوق.

VISION

A world where loyalty is personal again, not locked behind one brand or one sector, but carried by the customer like a Sekkara they've earned, honored anywhere they choose to spend it.

رؤيتنا

عالمٌ يستعيد فيه الولاء طابعه الشخصي، لا يبقى حِكرًا على علامة تجارية واحدة أو قطاع بعينه، بل يحمله الزبون معه أينما حلّ، كسكَّرة نالها بجدارة، تُقدَّر أينما اختار أن يُنفقها.
